RE: 2013 Income Limits and Maximum Rents

Attached are the 2013 LIHTC income and rent limits for Colorado. IRS Revenue Ruling 94-57 allows taxpayers to rely on the old income limits and maximum rents until 45 days after HUD has released the new income limits for that year.

HUD initially released the FY2013 Multifamily Tax Subsidy Program's (MTSP) income limits on December 4, 2012. Then, on December 11, HUD released revised MTSP income limits to correct an error in the computation. HUD's webpage has this explanation:

"Revised FY 2013 data published 12/11/2012, supersedes Medians and Income Limits posted on 12/4/2012 for all areas. In areas where income limits are adjusted (High Housing Cost, Capped, Floored, etc.) no changes to the income limits may be necessary if 12/4/2012 Limits used."

Since the December 11th income limits supersede the income limits released December 4th, **the IRS will treat the income limits released December 11th as if they were released on December 4th for all IRC §42 purposes.**

http://www.chfainfo.com/documents/2013_income_limits.pdf

The new income and rent limits must be implemented immediately for new move-ins and no later than **January 18, 2013**, for all other certifications.

Please note that the HERA limits are still in place in many counties. There are some counties that were removed and some added. Please remember that in order to be eligible to use the higher HERA limits, the project must have placed in service as of December 31, 2008. This IRS rule is implemented on a project basis instead of a county basis which can result in projects in the same county having different rent and income limits. The hold harmless limits **do not apply** to HUD, RD, or HOME properties.

You must know the placed in service year for the project in order to use the correct income limits. Remember, once your project is placed in service it is **not** subject to any decreases in income limits.

If you do not find your county on the tables, check the "Other Non-Metro Counties" section on the last page which lists the counties in Colorado that share the same income and rent limits.

The HUD passbook savings rate remains at 2 percent.

If you have any questions please contact your Asset Management Officer or call Kristi Budish at 303.297.7343.

**Colorado Housing and Finance Authority Income and Rent Tables for 30% - 120% of Area Median Income (AMI) for Colorado Counties for 2013
HUD Release Date December 11, 2012**

PLEASE NOTE THAT THE EFFECTIVE DATE FOR THE LIHTC PROGRAM IS DECEMBER 4, 2012.

In order to benefit from the higher HERA limits, the project had to be in service as of December 31, 2008. For counties that have experienced a decrease in the rent and income limits, HERA allows for projects placed in service prior to December 31, 2008 to continue to use the higher limits for the prior year. It is essential to know the placed in service year in order to use the correct limits.
