About Colorado Housing and Finance Authority (CHFA)

- CHFA finances the places people live and work by making loans to low and moderate income homebuyers, developers of affordable rental housing, and small and medium sized businesses.
- In 2008, CHFA helped over 3,000 Coloradans achieve homeownership and financed the creation of nearly 1,000 affordable rental units throughout the state.
- CHFA was created by the Colorado General Assembly in 1973, but is not a state agency and receives no state tax dollars. CHFA is a fully self-sustaining, nonprofit entity, funded by issuing bonds in the capital markets.
