Please join us for a discounted Assisted Housing Manager (AHM) certification course, courtesy of CHFA and Quadel Consulting Corporation. Chfareach members will pay \$350 (nonmembers \$500) for this class. The regular cost of this workshop is \$725 and it is not usually available in Denver, so take advantage of this rare opportunity. The AHM Occupancy course covers the latest in HUD 4350.3 requirements for Section 8 New Construction/Substantial Rehabilitation, Section 236, Section 202/811, Rent Supplement, and Rental Assistance programs. Recent changes to the iMAX system and 202C TRACS version will be included as well as the mandatory requirement for EIV.

Attend the AHM workshop and on the third day take the AHM Certification Exam. Participants who successfully pass will receive the AHM designation, a formal certificate suitable for framing attesting to their proficiency, and an AHM lapel pin.

This workshop is being sponsored by the chfareach program, which provides training for staff of multifamily properties. Chfareach members will be given priority. Students are responsible for all travel and accommodation expenses. Registration forms are available on the chfareach page of the CHFA website at www.chfainfo.com.
