RE: 2017 Income Limits and Maximum Rents

Attached are the 2017 Colorado income limit and maximum rent tables. The tables are also located online at: www.chfainfo.com/arh/asset/Documents/2017_income_limits.pdf

HUD released the FY2017 HUD Program income limits and the Multifamily Tax Subsidy Program income limits on April 14, 2017. IRS Revenue Ruling 94-57 allows taxpayers (i.e., LIHTC project owners) to rely on the previous year's income limits and maximum rents until 45 days after HUD has released new income limits. Therefore, the 2017 income and rent limits must be implemented no later than May 29, 2017. Please note the same timeframe applies to multifamily developments financed with loans through CHFA.

Exceptions for LIHTC projects: Since 2008, the IRS allows some LIHTC projects to use higher HERA limits and to be "held harmless" from decreases in limits. To identify the correct limits for your LIHTC project, it is essential to know its placed in service (PIS) date.

- In 2017, HERA limits are still in place in many counties. To apply HERA limits, a LIHTC project must have PIS as of 12.31.2008.
- Remember, once your LIHTC project is placed in service, it is NOT subject to any decrease in limits. To be "held harmless," a LIHTC project must have placed in service prior to the implementation date of the new limits. This year, LIHTC projects whose counties experienced a decrease in limits AND placed in service before 05.29.2017 may continue to apply the same limits they used in 2016.
- New projects that place in service on or after 05.29.2017 must use the 2017 income limits.
- Note: HERA limits and hold harmless limits do not apply to properties that were not financed with LIHTC (e.g., properties with only HUD or CHFA loans). Multifamily projects that do not have LIHTC must use the 2017 limits.

Utility Allowance Reminder: Gross rents (tenant rent + utility allowance + non-optional fees) may not exceed the applicable maximum rent. As a reminder, updated utility allowances must be implemented no sooner and no later than the first day immediately following the 90-day resident notification period that begins with the new utility allowance schedule's effective date.

To remain compliant when allowances increase and tenant rent must be decreased not to exceed the maximum rent, ensure that rents are lowered immediately following the 90-day period. Do not wait until a household is due for annual recertification to make this adjustment.

For detailed guidance, see CHFA's Utility Allowance Memo at www.chfainfo.com/arh/asset/mfl_lihtc_resources/utility_allowance.pdf.

If you have any questions, please contact your Program Compliance Officer.

- Since 2008, the IRS allows some LIHTC projects to use higher HERA limits and to be "held harmless" from limit decreases.
- To identify the correct limits for your LIHTC project, it is essential to know its placed in service (PIS) date.
- To use HERA limits, a LIHTC project must have PIS as of 12.31.2008.
- To be "held harmless," a LIHTC project must PIS prior to 05.29.2017. This year, LIHTC projects whose counties experienced a decrease in limits AND that PIS before 05.29.2017 may continue to apply the same limits used in 2016.
