Colorado Fresh Food Financing Programs

Grocery stores are a key component of healthy, thriving communities. Unfortunately, they are absent or at risk of closing in too many Colorado communities.

Is your community in need of a grocery store or other healthy food retailer? This webinar will cover statewide financing options that can assist, including the [Colorado Fresh Food Financing Fund \(CO4F\)](#) and [Colorado Enterprise Funds \(CEF\) Healthy Food Fund](#).

We will share five CO4F success stories from new grocery store construction to small rural store retention. Plus, you will hear first-hand from one of the Funds recipients.

Details:

Date: Thursday, August 25, 2016

Cost: Free

Time: 1:00pm to 2:00pm MDT

Presenters:
