homeconnectionsm gets an upgrade

You will notice a few changes to the CHFA HomeConnectionssm system on June 12, 2020. These changes are predominantly cosmetic in nature and will not affect how you upload documents.

The most noticeable enhancement is a new navigation field visible when locking a loan. This field will be visible on the left side of the screen throughout the lock process, allowing you to toggle back and forth should you need to edit information before ultimately verifying and locking the loan. Below is a screenshot.
