

mobile and manufactured home community information and resources

CHFA is focused on supporting mobile and manufactured housing solutions because they are some of the most affordable homeownership options available, making up approximately 10 percent of the nation's housing stock. In Colorado alone, more than 100,000 people live in 900+ parks.

"Manufactured homes" are built to a code adopted in 1976 by the U.S. Department of Housing and Urban Development (HUD); homes built prior to the HUD code are considered "mobile homes."

MHC Oversight Programs

Colorado Department of Local Affairs (DOLA)

The Office of Regulatory Oversight (ORO) in DOLA's Division of Housing (DOH) is comprised of two areas which protect Colorado citizens:

The Building Codes and Standards (BCS) Section regulates:

- Construction of factory-built structures
- Sale and installation of manufactured homes

A homeowner may submit concerns regarding the construction, sale, or installation of his/her mobile/manufactured home to the BCS for investigation through its dispute resolution process. Learn more at <https://cdola.colorado.gov/office-of-regulatory-oversight/building-codes-and-standards>

The Mobile Home Park Dispute Resolution and Enforcement Program (MHPOP) regulates MHCs and is responsible for:

- Conducting outreach and education on mobile home park laws
- Registering all mobile home parks annually
- Receiving and investigating complaints
- Facilitating dispute resolution between mobile homeowners and mobile home park landlords
- Determining whether violations of the law have occurred and taking enforcement actions

MHPOP requires landlords to post and maintain a Homeowner's Notice of Rights and Responsibilities; give a copy to homeowners annually, with new leases, and after changes in park ownership; and provide this Notice in an accessible format for homeowners with disabilities upon request.

Contact MHPOP at MHPOP@state.co.us (preferred) or 1.833.924.1147, or visit www.colorado.gov/dola/mobile-home-park-oversight to learn more.
