Housing Tax Credit and CHFA Loan Programs

The following pages contain file upload checklists for each of the following certification types. Please select and use only the applicable checklist for the specific tenant file and certification you are uploading to Insight.

- Move-in
- Basic Annual Recertification (BAR)
 - for 100% affordable properties, as recommended by CHFA
- Self-certification Annual Recertification
 - for 100% affordable properties that elect to complete self-certification annual recertifications
- Full Annual Recertification
 - for mixed income properties with unrestricted units
 - or 100% affordable properties that elect to complete full annual recertifications

NOTE FOR ANNUAL RECERTIFICATIONS

While CHFA policy recommends the Basic Annual Recertification (BAR) for all 100% affordable developments, some properties elect to complete a self-certification or full recertification instead, at the discretion of their owner/investor. Only one type of recertification is required. Do not upload multiple types of recertifications.
