**Assignment of Building Identification Numbers
of Each Building in the Project**

Instructions. The IRS requires that a Building Identification Number (BIN) be assigned to each of the Project's buildings at the time an Allocation is made even if the allocation is made on a project basis. Please list the street address of each building in Column A below. If there is no street address, provide a specific description of the location of each building. In Column B, please list the date each building is expected to be placed in service. Leave Column C blank; it will be completed by CHFA.
